ABOUT US

1st Analyst Information Services, our company, is a Company that has been developing, both, **Project Finance Financial Models** and **Corporate Finance Financial Models** since **1997**. We specialise in **Power, Oil & Gas Pipelines, Toll Roads, Railways, and Aviation Projects**.

We have worked on Projects in the following countries: **USA, Mauritius, Tanzania, Uganda, Zambia, Malawi, Seychelles, South Africa, Mozambique** and **Swatini** (Swaziland).

Our Website Address is:

<https://www.projectfinancemodels.com>

ACKNOWLEDGEMENT OF COPYRIGHTS

PLEASE NOTE: There is **no Business or Legal Relationship** between **1st Analyst Information Services**, the **developers** of the **EPL Football Fan Spreadsheet**, and the **Legal Entity** running **English Premier League Football**.

The Legal Entity referred to in the note above **owns all Copyrights and Trademarks** associated with the **names** and **acronyms** - **English Premier League & EPL**.

FootballFanSpreadsheet.blogspot.com

ADMINISTRATION (ADMIN) SHEET

This is the **MOST IMPORTANT SHEET** of the Spreadsheet!

SEASON: Year 1: 2023 Year 2: 2024 START: 01 August 2023 ENDS: 20 May 2024

FOOTBALL FAN: MAC SCOTT

(The Two Dates Above Are Formula Driven, BUT You can Change Them If You Want to)

FIRST THING you need to do is to **ENTER** your **NAME**. This **Spreadsheet** **won't display any values on the Rankings/Log Table Sheet** until you have entered your Names **correctly** in the **Football Fan Cell** of the **Admin Sheet**!

MATCH SCORES INPUT SHEET

Below is an **image** of a section of the **Match Data Inputs Sheet (Matches Scores Input Sheet)** of the Spreadsheet.

#	DATE	WEEK DAY	VENUE/STADIUM	TEAM A	SCORE A	TEAM B	SCORE B
1	11 August 2023	Friday	Turf Moor, Burnley	Burnley	0	Man City	3
2	12 August 2023	Saturday	Emirates Stadium, London	Arsenal	2	Nott'm Forest	1
3	12 August 2023	Saturday	Vitality Stadium, Bournemouth	Bournemouth	1	West Ham	1
4	12 August 2023	Saturday	Amex Stadium, Falmer	Brighton	4	Luton	1
5	12 August 2023	Saturday	Goodison Park, Liverpool	Everton	0	Fulham	1
6	12 August 2023	Saturday	Bramall Lane, Sheffield	Sheffield Utd	0	Crystal Palace	1
7	12 August 2023	Saturday	St. James' Park, Newcastle	Newcastle	5	Aston Villa	1

The **ONLY thing** that the Fan has to do on this Spreadsheet is to **record/input** the **Matches Scores** into the **Match Data Inputs Sheet**.

On the Sheet itself, the Fan only enters the following information:

- **Date of the Match**
- **Venue/Stadium**
- **Team A and Score A (The Home Team and its Score)**
- **Team B and Score B (The Visiting Team and its Score)**

That's it! The Spreadsheet does the rest! **The Spreadsheet UPDATES the Ranking/Log Table every time a Match Score is entered in the Match Data Inputs Sheet.**

PLEASE NOTE: The **names** of the **Teams MUST BE WRITTEN AND SPELT EXACTLY THE SAME WAY, CONSISTENTLY**, as they are entered in the **Match Data Inputs Sheet** – otherwise the calculations will not be accurate! **Best practise is to check how the Team name is spelt on the FIRST COLUMN of the TEAMS – PREMIER LEAGUE sheet**, which lists all **20 Teams participating in the Premier League this season (2023/2024)**. (For Example, on the **first column** of the **Teams Sheet**, we have listed **Tottenham Hotspur** as **Spurs**. So, every time we enter the Scores for **Tottenham Hotspur** on the **Match Data Inputs** sheet, we write it as **Spurs**.) Similarly, for other Teams.

PENALTY POINTS BY EPL SHEET

Teams (Clubs) in the EPL and Sub-Leagues can be penalised either by being charged large amounts of money OR by being **Penalised Match Points** – whereby a certain number of match points are DEDUCTED from the Total Number of Points of the Team during a Season. Unfortunately, **Everton** was befallen by this unfortunate event during the **2023/24 Season**. They were penalised **10 points**. EPL takes this step if a Club/Team has transgressed EPL Rules/Regulations. EPL website mentioned that **Everton appealed the Penalty Decision**. *(Due to this penalty, the Toffees were put on the brink of relegation during the 2023/24 Season)*

THE TEAMS SHEETS

There are **TWO Sheets** listing **Teams** in the Spreadsheet:

1. The **CURRENT 20 Premier League Teams** Sheet (Teams – Premier League Sheet)
2. **All Past and Current Teams that have Participated in the Premier League** (We added a few on top of the current ones! This is your “challenge” Fan! Your “Home Work”! Keep on adding!). The Sheet name is **“All Teams – Past & Present”**. (Fans of Leeds United, Leicester City, Norwich City, QPR, Bristol City, Swansea, etc., will find their beloved Teams on this Sheet! **We haven't forgotten their Teams!**).

(We added the Nicknames of the Teams! We apologise in advance if some we didn't get right!)

THE RANKING/LOG TABLE SHEET

This is the Sheet that the **EPL Football Fan Spreadsheet** was really developed so that it can produce – A Spreadsheet that can Rank the 20 Teams of the Premier League – just as the Computers at the Headquarters of the EPL can do!

LOG - ENGLISH PREMIER FOOTBALL LEAGUE MEN 2023 - 2024					EACH TEAM PLAYS: 38 MATCHES PER SEASON				
RANKINGS AS ON: 02 October 2023 SEASON: 2023 - 2024					TOTAL MATCHES: 760 MATCHES PER SEASON (68 Matches Played)				
#	TEAM NAME	POINTS	GD	GF	GA	WON	DRAWN	LOST	MP
7	West Ham	13	3	13	10	4	1	2	7
8	Newcastle	12	11	18	7	4	0	3	7
9	Crystal Palace	11	0	7	7	3	2	2	7
10	Man Utd	9	-4	11	11	3	0	4	7
11	Nott'm Forest	8	-2	8	10	2	2	3	7
12	Fulham	8	-5	5	10	2	2	2	6
13	Brentford	7	0	10	10	1	4	2	7
14	Wolves	7	-5	8	13	2	1	4	7
15	Chelsea	5	-1	5	6	1	2	3	6
16	Everton	4	-6	6	12	1	1	5	7
17	Luton	4	-7	5	12	1	1	4	6
18	Bournemouth	3	-10	5	15	0	3	4	7
19	Burnley	1	-11	4	15	0	1	5	6
20	Sheffield Utd	1	-14	5	19	0	1	6	7

This is really a **Results/Output Sheet** of all the Number Crunching that the Spreadsheet's well written Formulas deliver!

This Sheet shows:

Team Name, Points, GD, GF, GA, Matches Won, Matches Drawn, Matches Lost and Matches Played (up to a certain Date). On the image above, that Date is **02 October 2023**. The Ranking/Log Table therefore reflects and Ranks the Teams based on ALL Matches the Teams had played **from the beginning of the Season** up to the **single Match** that was played between **Fulham** and **Chelsea** on **02 October 2023**.

READY TO PRINT: Important thing to mention is that this sheet is already set up to PRINT! If you want to print it – it will easily print!

ABRIDGED VERSION OF THIS SHEET: Sometimes one may not want to see all the stats in the Ranking Table, but just the key Ranking Points. With this in mind we have created such a Sheet! We call it, **PRINT ME** Sheet. It simply shows the **Team Name, Points, GD, GF** and **MP (Matches Played)**.

FootballFanSpreadsheet.blogspot.com

CONCLUSION

We believe that the greatest thing this Spreadsheet will help the Fans with, is being better organised than before in the sense that each fan can now overtime posses all the vital information of the Matches played in a particular Season of the EPL. **(No more asking, for example: “John, do you still remember who Liverpool was playing when there was that controversial VCR decision?”)**

[Just open your saved Spreadsheet from the 2023/ 2024 Season - the Spreadsheet will help you remember!]

Thank you very much for purchasing the EPL Football Fan Spreadsheet.

We wish you your Team the best this Season.

Kind regards,

Faith Scott,
